Good business comes from good agronomics. That’s why BASF is introducing the **2020 BASF Agronomic Advantage**. Focused on providing the right agronomic solution for the highest yield potential, the 2020 BASF Agronomic Advantage allows the flexibility to choose the best agronomic solution.

The **2020 BASF Agronomic Advantage** makes your herbicide decision simpler. Make an agronomic plan with your agronomist, BASF Authorized Retailer or BASF representative.

**AGRONOMIC FOCUS**
The 2020 BASF Agronomic Advantage focuses on the best agronomic approach to get you cleaner fields and higher yields. Our agronomic program is focused on what works for you, on your farm.

**SIMPLE**
You work with your local trusted advisors to make the best plan. We kept our program simple – no calculator required. You earn higher yields and a stewardship incentive from BASF for the products you used.

**FREEDOM TO CHOOSE**
With the 2020 BASF Agronomic Advantage, you choose the products and practices that are best for you and your farm.

On-farm ERADICATION of herbicide-resistant weeds is possible with the right tools:

**Herbicide Tactics**
- Spray at appropriate timing and weed size
- Use labeled rates
- Optimize applications
- Overlap residuals
- Use **multiple EFFECTIVE** sites of action

**Non-herbicide Tactics**
- Scouting
- Tillage
- Manual control
- Narrow rows
- Crop diversity, i.e., cover crops
- Equipment sanitation

Visit [AgronomicAdvantage.com](https://www.AgronomicAdvantage.com) for more information and to see how you can have cleaner fields and higher yields.
Layering sites of action is critical.
Right Rates, Right Products, Right Sites of Action.
